ES90 Ice Cube Machine

Up to 52kgs. (114.64 lbs.) daily ice production;
14 kgs. (30.90 lbs.) ice storage capacity;
Only 19.69" (50.00 cm) wide, 22.34" (56.74cm) deep and 31.10" (79.00 cm) high;
R-134A CFC-free refrigerant;

Features

Better Insulation for Longer Ice Storage

Storage Bin liner is fabricated by rotational moulding with polyethylene. Provides seamless and better insulation for longer Ice storage

CFC Free Refrigerant

R-134A or R-404A, CFC free refrigerant

Easier to Clean and Maintain

The under counters have front air intake and exhaust and an easy access door which slides up and out of the way

Easy Access Air Filter

Easy access air filter designed for longer operation in greasy and dusty environments

Enhanced Refrigeration Efficiency

CFC-free polyurethane foaming technology, better insulation for enhanced refrigeration efficiency while helping the environment

Save Water and Power

Computerized control for shorter freezing time - saves water and improves power consumption and overall reliability

Technical Specifications

ES90 Ice Cube Machine

W x D x H	19 11/16" x 22 11/32" x 31 7/64" 50cm x 56.8cm x 79cm
Weight	lb kg
Power Output	477.00 Watts
Power Input Type	Electric
Primary Power Input	220-240 V x 50 Hz x 1 PH
Energy Use	12.8 kWh/100lbs ice
